

Rights of Passage

The benefits

- Create a local network actively working in co-production together to help effect positive change within their communities
- Give participants an understanding of history, images of what is possible and how change happens within a local and national context
- Increase and engage people to have different conversations about what and how personalisation works
- Unite people together to support, learn and share with each other and with other groups in other areas
- Give real and grounded information, advice and support to people around the current health and social care agenda
- Give a good mix of inspiration and information around all the most relevant up to date models, theories and policies.

Do you want and need to understand more about personalisation in health and social care? Do you want to work with professionals to get what is right for you or your relative who needs support?

Rights of Passage is a journey of understanding information, rights and how to work well with health and social care. The course will bring people who need support, family, carers, professionals, voluntary and 3rd sector organisations and practitioners to learn together and make key changes in their local area in order that people get a life rather than simply a service.

Tell me more....

Rights of Passage is a course consisting of a total twelve days which take place over six sessions (2 days a month).

The course will cover:

- Changing perceptions, why things are the way they are.
- Tools & Theories for personalisation change such as person centred planning, support planning, asset based using real wealth, and community inclusion approaches
- Creating strong peer support, action planning and working co productively
- Knowing what's out there, food for thought to Influence policy by offering solutions not problems
- Theory of change management and culture change and how they work in practice
- Developing ideas, tools and opportunities that leave a lasting legacy.

This programme is bespoke, it is expected that post this course the teams continue to work as change pioneers in their locality area.

Course dates and venue:
